

SUMMARY OF CHANGES

SAMS Phase II Amendment #5

Purpose of the amendment is to clarify information and simplify requirements.

RFP Main Document

Page 11 - SUBMITTAL REQUIREMENTS AND EVALUATION CRITERIA, Organization, table describing the organization of the volumes to be submitted, the first note below the table is revised to read: “* *Excludes mandatory forms, cost/data spreadsheets, and any value engineering submittals including additives/deletives.*”

Page 19 - Factor 4, Subfactor 1- Project Execution Plan, item vii is revised to read: “Includes a project schedule that identifies all key elements of design, construction, and relocation of Air Force functions to temporary and permanent facilities. Additional credit may be given to schedules that demonstrate a “time is of the essence” approach.”

Appendix A

Table 6.4.1-6 Communications Space Power Requirement table change: Consolidated NCC (CNCC), Tech Power (W) column has been changed from 55000 to 91000. The second column under Tech Power is not labeled and should read Misc Outlets

Appendix D

Page 4, para. 2.2 Approved Process is revised to correct the reference to the Attachment in the subparagraph related to “The objective of Phase III...” to read (Attachment 1).
