DO NOT DISCUSS CLASSIFIED INFORMATION ON THE TELEPHONE

GENERAL INFORMATION

1. HOW TO USE YOUR TELEPHONE.

A. Dialing ON BASE:

Dial 653, and the last (4) digits of the telephone number.

B. Dialing OFF BASE:

Within the 310 area code- dial 99, then the ten (10)-digit number.

To dial long distance outside of the local area codes dial 98, then 1, followed by the area code and seven (7)-digit number.

C. Dialing TOLL FREE:

Dial 99, then 1, followed by the toll-free area code (i.e. 800/888/877/866) and seven (7)-digit number.

D. Dialing TOLL FREE from Aerospace:

Dial 98, then 1, followed by the toll-free area code (i.e. 800/888/877/866) and seven (7)-digit number.

E. Dialing DSN:

Dial 94, listen for dial tone, then dial the seven (7)-digit DSN number.

F. Toll-Free Access to LAAFB- A toll free number 1-800-562-2168, is available for LAAFB DoD/military, civilian and contractor personnel to call LAAFB. The intent of the 800 number is for those individuals who are TDY to contact their duty section or access voice mail when DSN service is not available. The toll-free number is not intended to be used as a means to access meet-me conference.

G. Transferring Incoming Calls (Multi Line Phones):

Press the transfer key, dial the extension you are transferring to, and then press the transfer key again.

H. Transferring Incoming Calls (Single Line Phones):

Press the flash hook, dial the seven (7) digit number. Announce to the receiving party that you are transferring a call, press flash hook to complete the transfer. If you incorrectly dial a phone number, receive a busy signal or no answer during the transfer “do not hang up” press flash hook to return the original caller to your line, and repeat the process.

DO NOT DISCUSS CLASSIFIED INFORMATION ON THE TELEPHONE

- I. **Initiating Conference Calls (Multi Line Phones):** Press the conference key (you will hear dial tone), dial the number you wish to conference in; once the call is answered, press the conference key again. You can repeat this action to conference up to five additional parties. A total of six parties can participate in a conference call at once.
- J. **Initiating Conference Calls (Single Line Phones):** Dial the first parties' telephone number, once connected press flash hook and dial the second party to be added to the conference call. Once connected, press flash hook and all three parties will be connected. To add additional parties to the conference call repeat the steps. A total of six parties can participate on a conference call. If the phone does not have conference calling capability, contact the SMC Help Desk at 653-3195 and request the capability be added to your phone.
- K. **Call Forwarding (Multi Line):** To forward calls to another number on base, press the forward key, seven (7)-digit extension you are forwarding calls to and press forward again. To cancel, press the forward key on the forwarded phone.
- L. **Call Forwarding (Single Line):** To forward calls to another number on base, dial *72 and the five (7)-digit extension you are forwarding calls to. To cancel call forwarding, dial *73, from the forwarded phone and hang up.
- M. **Placing Calls On Hold (Multi Line):** Press the hold key. To retrieve a call from hold, pick up the handset and press the blinking line (or key in which the call is holding).
- N. **Placing Calls On Hold (Single Line):** Press the flash hook, press pound (#) 4, then hang up the headset.
- O. **Answering Call Waiting (Single Line):** To accept an incoming (secondary) call waiting, place your current call on hold and press the flash hook. Press the flash hook again to return to the original call.
- P. **Answering Phones In Your Call Pickup Group (Multi Line):** Pick up the handset, and press the Call Pickup key.
- Q. **Answering Phones In Your Call Pickup Group (Single Line):** Pick up the handset, then dial *77 on the telephone keypad.

DO NOT DISCUSS CLASSIFIED INFORMATION ON THE TELEPHONE

3. ACCESSING THE VOICE MAIL SYSTEM.

Please Note: To use the voice mail system, you must have a touch-tone telephone.

- A. **From your phone on base:** Dial 653-3000, then enter your (7)-digit telephone number, followed by the pound (#) sign. Then enter your personal password, followed by the pound (#) sign.
- B. **From a phone other than your own on base:** Dial 653-3000 and repeat instructions in Step "A" listed above.
- C. **Off base within "310" area code:** Dial (310) 653-3000 and repeat instructions in Step "A" listed above.
 - ◆ To access the voice mail system outside of the local area, dial (310) 653-3000
 - ◆ To access the voice mail system via DSN, dial 633-3000

4. USING THE DEFENSE SWITCHED NETWORK (DSN).

The defense Switched Network (DSN) is the principal long-haul voice communications network within the Defense Communications Systems. It provides a non-secure direct dialing service worldwide through a system of Government-owned and/or leased automatic switching facilities. The purpose of DSN is to handle essential command and control, operations, intelligence, logistics, diplomatic, and administrative traffic.

- A. Use of the DSN line is authorized for official communication only, and will be restricted to:
 - ◆ Calls that are essential requiring timelines that cannot be obtained by other means and would stand the scrutiny afforded a commercial toll call.
 - ◆ Length of the time per call to maximum time required to accomplish official business and not typically exceeding five (5) minutes.
- B. DSN can be used to accommodate non-secure voice, graphics, facsimile and data requirements by the use of acoustical or coupled devices as approved by the chief of Services, heads of DOD agencies and activities.
- C. DSN use will not be authorized for the following reasons:
 - ◆ Calls within an installation, metropolitan area, or those confined in geographical areas where other existing government-provided local telephone service is adequate.
 - ◆ Unofficial or personal calls.
 - ◆ Off-net extensions of calls into the commercial system, or a distant PBX/PABX, except where such an extension had been previously approved by local controlling authorities.

DO NOT DISCUSS CLASSIFIED INFORMATION ON THE TELEPHONE

D. The users of the DSN system should be aware that the DoD system is for **Official Use Only**, and it is subject to management monitoring in accordance with DoD Directive 4640.1, Telephone Monitoring (dated 3 Sep 69).

5. NUISANCE CALLS / MALICIOUS CALL TRACE (MCT)

It is unlawful for any person to make a telephone call during which obscene, lewd, or immoral language is used with the intent to offend. Federal law further prohibits interstate telephone calls, which are obscene, lewd, lascivious, filthy, indecent, or where the intent, with or without conversation, is to annoy, abuse, threaten, or harass any person. Also, it is unlawful to knowingly allow anyone to use a telephone under your control for the above purposes. Persons who receive nuisance calls should follow these instructions:

- ◆ Immediately report the incident to their office supervisor.
- ◆ Notify Security Police at extension 116. If AFOSI should become involved, Malicious Call Trace (MCT) procedures may be in effect, and disciplinary action taken.

6. EMERGENCY CALLS.

Dial 911 and report the following information to the dispatch operator:

- ◆ Base Address you are calling from
- ◆ Location of the emergency: building and room number
- ◆ The number you are calling from
- ◆ Nature of emergency

Once the call has been reported to 911: Contact Security Forces at ext. 116

Dial 116 or 653-5664, inform them that 911 have been dispatched and provide the following information:

- ◆ Base Address you are calling from
- ◆ Location of the emergency: building and room number
- ◆ The number you are calling from
- ◆ Nature of the emergency

The 116 emergency number is accessible from all government base telephones located at Los Angeles Air Force Base and Fort MacArthur.

7. TELEPHONE TROUBLE REPORTING.

Dial 653-3195 to report telephone troubles or outages. You will need the following information: name, location (building/room), telephone number, jack number of line in trouble, type of instrument (single line, multi-line, modem, etc.), and a contact number where you can be reached. *Please note: For STE / STU problems call 864-5066.*

DO NOT DISCUSS CLASSIFIED INFORMATION ON THE TELEPHONE

8. NEW TELEPHONE SERVICE.

Requests for telephone installations, additions, moves and/or changes are to be processed through your organization's Telephone Control Officer (TCO). The TCO will submit your requirements to the 61st Communications Squadron. **Please allow approx. 4 working days (after our receipt of work request) for the completion of your request.** Only authorized government and contract technicians are authorized to do on-site telephone installations or repairs. Do not install personal telephone equipment without the consent the Telephone Operations and Maintenance Section.

9. SECURITY INFORMATION.

The telephone presents one of the Air Force's greatest security hazards. Because of the increasing availability of commercial telephone intercept devices, Air Force personnel must be constantly aware that their home or office could become a target for such a device. Observance of the rules listed below will increase your security. Please remember, they will not guarantee it.

- ◆ Do not discuss classified information on the telephone.
- ◆ Telephone instruments should never be modified, except by a qualified telephone company technician acting under the proper authority.

10. MONITORING.

Regulations require an automatic signal or "beep" tone to be heard every 15 seconds on the telephone line as the conversation is recorded. This serves notice that the person to whom you are talking is recording the conversation. This signal is for your protection. If you do not want your conversation to be recorded, ask the other party to disconnect the recording device.

11. PENALTY FOR DESTROYING GOVERNMENT COMMUNICATION EQUIPMENT.

Deliberately interfering with or maliciously damaging communication equipment of the Los Angeles Air Force Base is an offense in violation of the Uniform Code of Military Justice and Section 1362 of the XVIII, United Code. It reads:

“Anyone who willfully or maliciously injures or destroys any of the work, property, or material of radio, telegraph, or cable, line, station, or system, or other means of communications operated or controlled by the United States, whether constructed or in process maliciously interferes in any way the working use of and such line, or system, or willfully or maliciously obstructs, hinders/delays the transmission of any communication over such line, or system shall be fined not more than \$10,000 or imprisoned not more than ten (10) years, or both.” June 25, 1948, 0645, 62 Statute, 765 (as amended).”

DO NOT DISCUSS CLASSIFIED INFORMATION ON THE TELEPHONE

12. Disciplinary Action for Placing Unofficial Calls.

Government employees are accountable for service and usage of government property. Unauthorized use of FTS2001 for personal or unofficial business is a violation. Violators are responsible for paying for the cost of the call, the additional DITCO/GSA surcharges, and any local communications unit administrative cost incurred (suggest \$20). FTS2001 Administrators will report violators to their respective commander for appropriate disciplinary action.

13. Local and Long Distance Information (Directory Access).

Local and long distance information (411 / 555-1212 directory access) is not available. Use telephone directories for the greater Los Angeles area, or the Internet to locate a desired party. Do not call off base operators for this service, as it will incur additional charges, which you are not authorized to accept. You could be found liable for the call, as well as the costs associated in determining your liability. (AFMAN33-145).

Instructions for Reporting Bomb Threats

1. Stay Calm.
2. Write down what the caller states.
(Examples:) Where is it? What time does it go off? What does it look like? And so forth.)

Where is the bomb located? _____

What time is it set to go off? _____

What does the bomb look like? _____

Other Information: _____

3. Leave the telephone off the hook.
4. Use another phone and call Security at 116 immediately!
5. Report the exact words stated by the caller.
6. Notify your supervisor.

Please note:

If ordered to evacuate, secure classified materials, collect personal items, and leave in an orderly manner, using normal evacuation procedures. **Do not run or panic. Stay calm.**
